

List of Xbox 360 controller compatible PC games

This article gives a list of all PC games which support the Xbox 360 controller without special drivers or configuration, organized by genre.

A listed game preceded by a Xbox 360 Controller recommended icon indicates that the specific game is best played with an Xbox 360 Controller, opposed to other input devices.

Although, theoretically, you can use a Xbox 360 controller on most games that allow you to change the controls of the game.
